

School Information Night

We invite you to join us on May 10th to learn about American River Collegiate Academy, part of the Rocklin Academy Family of Schools! We are a public charter school currently enrolling students for kindergarten, first grade, and second grade! Our school is dedicated to teaching solid academic content to students in a way that is accessible to all! We incorporate the arts and music into our Core Knowledge history, science, math, and language arts units. It is our vision to give our students the foundation they need to be prepared and eager to access higher education in the future. Come learn about our school located off Hazel and Oak near Citrus Heights! We would love to share with you all the wonderful learning taking place at American River Collegiate Academy.

Monday, May 10th at 5:00 pm
